

Dear Parent(s) or Guardian(s):

As you know, we are having E-Learning Days (Electronic learning) tomorrow, Feb. 8th. Your child will not attend school, but will work from home. This is a REQUIRED "at home" school day.

The SCOREcard is attached to this email for your child to use to track their assignments. Students are required to do one assignment for each subject area. You must return the assignments with your child by Tuesday in order for this day to be a school attendance day. If the assignments are not returned on Tuesday, your child will receive an UNEXCUSED absence for these days. As a teacher, I will continue to follow up with your child so that they know what is due on Tuesday. Please feel free to print the SCOREcard or write on a blank sheet of paper and send it back to me. If I do not receive it back, I will send a printed card home on Monday for you to return on Tuesday.

Please verify that you received this email and understand that your child is working from home on Friday. We do need to take attendance, so please refer to the email you receive from Linda Tadlock in the morning to mark your child present in the linked form she attaches. If you do not respond, we will make a personal phone call to you to verify your child's attendance in e-Learning Days.

Sincerely,

Kindergarten Teachers

Student Name _____ Grade _____

Select one activity to complete in each row. When you complete the activity, cross it off. Please request any required print copies of offline options prior the Flexible Learning Day if required.

SCOREcard					
	S	C	O	R	E
	Stretch Opportunity	Choice: Parent or Student Selection	Options with Tech	Reinforce Learning	Everyday Activities
Language Arts	Read a book and have your child write 2-3 sentences about what you read.		Listen to books on: Tumblebooks	Read to/with a grown show them how we do "Read with Someone". Do rock paper, scissors to see who reads first, take turns reading. When you are finished, do the 5 finger retell- (1. Character 2. Setting 3. Beginning 4. Middle 5. End)	Have your child sound out and write 5 CVC words. (examples: hop, sit, run, tan, lip)
Math	Practice writing numbers to 50. To make it more interesting, have them start at different numbers! Give them any number between 20-45 and have them write their numbers to 50 from that number. Try this from a few different starting points.		Go to www.PBSkids.org/games/123 Or go to ABCYa (if you have a desktop) from our Media web page FAIR PLE Media Web page Play number games!!	Practice counting backwards from 20. A fun way to do this is to start by standing up straight, then slowly crouch as you count down. Once you get to one, jump up and yell "blast off!"	Write down the ages of all your family members. (you can include pets!) Next put them in order from youngest to oldest. Finally show each person's age by drawing it with tens (ten sticks) and ones. For a challenge add all the ages and show that with tens and ones!
Science & Social Studies	Design and test a parachute. What you will need: a plastic grocery bag, string, scissors, small object like action figure. Cut out a large square from your plastic bag. Trim the		Go to our media web page and select Pebble Go. Choose any topic and learn something new! FAIR PLE Media Web page Or select BrainPop And do the quiz at the	Go to PebbleGo on our resource page FAIR PLE Media page , choose an animal and write 1-2 sentences about it.	Floating Eggs! Fill a cup almost full of water. What will happen if you put an egg in the water? Gently place an egg in the water and see what

	edges so it looks like an octagon. Cut a small hole near edge of each side. Attach 8 pieces of string, the same length, to each hole. Tie the string to the object (figure). Find a high spot and drop your parachute. Test it with different heights and objects..		end		happens! Take out the egg. Record your results. Now add 6 tablespoons of salt to the water, stir and put the egg back in! Write down what happened.
Music	Sing your favorite song and then draw a picture to illustrate the words.		Dance and sing with the songs from Have Fun Teaching: https://goo.gl/oQFVYo	Sing your favorite song and make up your own actions.	Making Music with water! Line up 5 or more glasses and fill them with different levels of water. Use a wooden stick like a pencil to tap each glass and make a tune!
Art	Draw a picture about your favorite thing you did today.	Create any kind of art with any kind of materials.	Watch a video from one of the three following YouTube Channels: Art with Mati & Dada Art for Kids Hub Harptoons (Steve Harpster)	Teach someone how to draw something you learned in art class.	Read a book together and discuss how the illustrator of the book matched their images with the story.
Physical Education	Count to 100 while doing exercise. At each decade (10, 20, 30..) change exercise..jumping jacks, sit ups, lunges		Pick a song from www.gonoodle.com and dance to it (register for free)	Teach someone a game that you play at school. Play that game.	Do a chore that will help someone

Your student's teacher will be available via classroom telephone and email during the office hours of 8 am - 3 pm.

I attest that my student has completed the marked tasks above.
